SUBJECT: Increase of price of foreign lodging house registers.

I beg to report having been informed, on September 8th. 1941, by Supt. MacFarlane, Quartermaster, that the price of foreign lodging house registers has been increased, as from this month, from $4.50 to $18.00 per register.

In this connection I wish to state, that the majority of foreign lodging house proprietors located North of the Soochow Creek, are German Jewish refugees and poorer class Russians and that the present increase of the existing price by 300% will, undoubtedly, impede the sale of registers. Even at the price of registers at $4.50 per book, difficulties have been experienced by members of staff attached to this Section to induce lodging house owners to acquire the necessary registers, the maintenance of which by the said owners is indispensable for the efficient control of lodgers by the Police.

In order to compare the periodical increase of the price of registers, I beg to submit the following data, recorded in this Office, of the sale of registers to owners of lodging houses:-

Between 1937 and April 1939 ..... $1.50
" April 1939 and November 1939 ..... $1.50
" November 1939 and November 1940 ... $[illegible]
" Nov. 1940 and up to the present ... $[illegible]

Should the license fee of a 3rd rooms foreign lodging house which, at the present time, is $18.50 per half a year, also be taken into consideration, the price of a register in comparison to that of the license fee seems to be well out of proportion.

Furthermore, condition No.10 of the foreign

lodging house licence, which reads:-

> "The licensee shall keep on the premises a permanent, accurate and legible register of the name, nationality, occupation, place of employment, last address, destination and dates of arrival and departure, of all persons resorting to, or using the premises, which register shall be open to inspection at all times by the Municipal Police or other duly authorized officer of the Council ....."

does not stipulate that the register has to be purchased by the licensee from the Police. This will, no doubt, lead to lodging house owners acquiring and keeping their own registers which, as can be expected, will not be up to requirements.

With a view to alleviating the matter in question, I respectfully beg to suggest, that the "Kong Dat Press", at 277 Wei Hai Wei Road, will undertake the printing of registers at $8.00 per book, with a possible reduction of the price according to the amount ordered.

Subject Application for Replacement on the Foreign Staff of C.S.6.

Made by D.S.I. Wittinsky. *Forwarded by* Supt. Mason.

In accordance with verbal instructions received from Supt. Mason, P.A. to D.C.(Special Branch), I beg to apply for a substitute to fill in the vacancy on the staff of C.S.6 following the retirement of D.S.I. Medvedeff from the S.M.Police on the 15-10-40.

I beg to report that in addition to the regular supervision of some 226 licenced Lodging Houses, 86 licensed Private Hotels and some 40 unlicensed lodging houses, the foreign members of C.S.6 are performing duties in connection with the following:- Enquiries re applications for licences, movements and activities of criminals and suspects, translation and examination of printed matter pertaining to documents, plays, scripts of songs, dialogue sheets etc. in the German language; attendance for the purpose of supervision and censorship of theatres, cabarets, meetings and various religious services held in the Northern district; general enquiries on behalf of Police Stations including the French Police and censorship of Chinese Newspapers.

The foreign lodging houses and private hotels under supervision are presently sub-divided into three districts; two are located North of the Soochow Creek covering the Hongkew, Wayside and Yulin Road Police Districts, and one South of the Soochow Creek including the Central, Chengtu, Binza, Bubbling Well Road and Gordon Road Police Districts. With reference to supervision of boarding houses in the Northern District, I beg to report that the foreign staff of this Section

is greatly handicapped by the lack of conveyance in comparison to the Western District.

In view of the above, and the steady increase in the number of licensed premises (from 288 in October 1939 to 312 in October 1940), and the fact that the work of this Section is no longer confined to routine inspection and enquiries in connection with licensed premises, but has become of a general and versatile character, a replacement on the Foreign staff of this Section in order to maintain its efficiency, is essential.

Subject. Boarding/LODGING Houses - Failure to Keep Proper Registers.

Made by. ..... and ..... *Forwarded by.* D.S.I. Wittinsky.

There has been evidence of late of the failure on the part of a number of Boarding/Lodging house-keepers to maintain a proper register of guests in their houses.

In connection with this matter permission is requested to have notices typed or printed, similar in purpose to those used by the Traffic Department. Such notices could be delivered by the Foreign Detectives at the time of their normal visits.

The notice could take the form:-

"Name — Notification No.1.

"Address — Notification No.2.

Dear Sir/Madam,

"I have to draw your attention to Condition 10 of Boarding and/or Lodging House Licence issued to you by the S.M.C., which provides that you must at all times maintain a proper register of persons residing in the premises of which you are the licensee.

"Licensees failing to comply with the above Licence Condition, are liable to prosecution. (Licence Condition 27)"

Your obedient servant,

Officer i/c Boarding House Section."

Duplicates of the notices would be kept in this office and would be of use as evidence in cases where licensees were prosecuted after two such notifications had been ignored.

I do not agree. A license ought to be thoroughly conversant of license condition. It has been pointed time after time that printed warnings do not have the effect desired. If these licensees do not heed warnings, summon them.

Special Branch,
November 29, 1939.

D. C. (Special Branch)

Sir,

Staff of Boarding House Section.

There has been a decided increase in the boarding and lodging houses operating North of the Soochow Creek. The number previously was 98, mostly in the Hongkew and Wayside Districts, but in the last year has increased to 156 and further applications are received daily. A number of these premises are now located in the Kashing Road and Yulin Road District, even to the borders of Yangtszepoo District and in order to keep a proper check and proper maintain supervision, a visit is made each one twice a month, and it is well nigh impossible for one man to do this, transportation being a difficult problem in the area concerned.

The staff of the Boarding House Section, C.S.6, is composed of D.S.I. Wittinsky in charge, who also deals with German refugee applications for licences; D.S.I. Medvedeff, supervision of foreign boarding and lodging houses (87) on the South side of the Soochow Creek, and general inquiries into licences also South of the Creek. D.S. Cornwell is responsible for the shipping lists and enquiries and at the present time this is a long job, as under present conditions, brought about by the European war, shipping companies do not issue copies of passenger lists and they have to be examined and if necessary copied in the shipping offices which requires constant visits, no arrival dates being published.

D.S. Mischenko is at present visiting the premises located in the Northern and Eastern districts necessitating his staying down there the whole day and having to purchase his food. Bus passes on the Japanese controlled buses are

issued monthly at Y.5.50 ($7.70) but these passes are only good on buses plying in certain districts, i.e. the buses operating in Hongkew, Dixwell Road and Kashing Road, one pass, Wayside and Yulin Road, one pass, Yangtszepoo, one pass, making a total of $23.10 every month.

In view of the conditions prevailing and the inadvisability of one man attempting to supervise so many houses and the daily increase of such premises, I would respectfully suggest that another detective be appointed to the boarding house section preferably one of Russian nationality with a knowledge of the German language. The Eastern District could then be divided between two men and transportation to the districts concerned could be arranged with the office car.

Indian Section.

In the past month we have had many calls for the services of Indian detectives and with only four detectives available it has been a bit difficult. Also the movement among Indians of an anti-British tendency has shown a decided strengthening, especially in the area North of the Soochow Creek and is being abetted by Japanese interests. The German propaganda machine in Shanghai has also shown a tendency to play up this attitude of the Indians and which has not been lost on the Indian community.

With the present staff it is not possible to cover this adequately and I would recommend the appointment of another Indian constable to the staff for the purpose of keeping in touch with those being exploited by the Japanese.

Date December 5, 1939.

No. 8/24

Init. 6/12/39

D.C.(Special Branch)

Sir,

Foreign Criminals and Suspects.

At the present time there is only one Station submitting copies of reports on foreigners arrested for criminal cases and that is Hongkew. The other day, November 28th, 1939, D.S.I. Wittinsky on a visit to the Eastern District on lodging house applications, picked up a Russian woman wanted by Bubbling Well Station for larceny, and this detective who is in charge of the Boarding-House Section only knew of this woman being wanted through a casual conversation with Bubbling Well detectives. D.S. Mischenko also arrested a well known pickpocket in the Yokohama Specie Bank on December 4th, 1939. Records are kept of all known foreigners, suspects and criminals, by C.S.6 Boarding-House Section, and I think that most of the detectives attached to Stations are not aware of this. There have been times when we have been able to assist those who do make use of such a valuable source of information and in order to keep this record up to scratch I would suggest with your permission that I make arrangements with P.A. (Crime) to have all cases forwarded to Special Branch from Crime Branch Registry thereby relieving the Stations of extra work in submitting copies.

REGISTRY File No. 8/24

REPORT.

Date. October 5 1939.

Subject. Passenger Lists from Shipping Companies.

Made by and Forwarded by D. I. Crawford.

In connection with the attached report, the matter was brought up in May 1938 and involved the same company, the "Messageries Maritimes", but it would appear a temporary arrangement was made through the good offices of Chief Inspector Emelianoff of the French Police which has not been at all satisfactory. As several other shipping companies have shown reluctance to give copies or even show the passenger lists to members of C.S.6 which is of the utmost importance to that Section for the purpose of keeping track of undesirables, it is suggested that an official letter be despatched to the managers of the shipping companies concerned asking their cooperation in this matter and a continuance of the privilege of having access to the passenger lists for arrivals and departures.

Attached herewith is a list of the shipping lines who have submitted copies of their passenger lists and those who do not cooperate.

Adjustment of work between S.2 and C.S.6.

/ and Inspector Popp.

Acting in accordance with instructions contained in the attached memorandum from D.C. (Special Branch), I most respectfully beg to submit for approval the following proposals, which have been worked out in co-operation with and complete agreement of P.A. (Crime) and D.S.I. Dickson with a view to eradicating unnecessary duplication of work between C.2 and C.S.6:-

(1). C.2 would henceforth keep the Force informed regarding the arrests of foreign criminals, (if considered of sufficient importance) through Daily Information Sheet, immediately after being charged or sentenced; this eliminating the necessity of publishing the monthly lists of known criminals, which was prepared by C.S.6.

(2). As it has already comprehensive records of all known criminals, C.2 would provide C.S.6, with the names of all criminals arrested together with C.R.O. numbers etc. to enable the latter Section to maintain an efficient surveillance on the movements of criminals and their associates. In this connection it is suggested that the attached forms be adopted to facilitate exchange of information between the two Sections. Form "A" to be used by C.2 to inform C.S.6 of the arrests of foreigners whilst form "B" to be used by C.S.6 to inform C.2 and C.6 of the movements of known criminals.

(3) In distinction to C.2, which keeps a record of all known criminals, C.S.6 would collect and record information on the activities and movements of persons suspected to be engaged in criminal activities and also of suspects of a political nature.

As regards the Special Branch, no changes or adjustments are deemed necessary at present. The facilities of keeping control over all arrivals and departures from Shanghai prove of good service to members of the Special Branch. Any information of a political nature obtained is immediately communicated to P.A.(Special Branch).

Inspector.

D. C. (Special Branch).

With reference to the requisition of C.S.6 for a set of three drawers, I have to report that the Gaol estimates the cost of the drawers at $18.00. The D.C.(Crime) has been consulted and agreed to defray the cost. The requisition has been forwarded to the Quartermaster who has been informed of the estimated cost and requested to forward the bill to D.C.(Crime).

REPORT

Date January 12, 1937.

Subject C.S.6 - Data on Foreign criminals and suspects - Guide cards used in connection with index thereof - necessity for renewal and expansion.

Made by and Forwarded by D.S.I. Golder.

The index of Criminals and Criminal-suspects as originally introduced in 1934 for use in connection with the revised activities of Section C.S.6 has become obsolete by reason of the fact that the total number of references has expanded threefold in the past year and half, reaching a total of 5,500 direct references.

Briefly the original idea was to use a two way numerical index, one on a series of cards at the front of each draw showing the number of the card bearing the particulars of the person regarding whom reference was being made and the other a non-recurring serial number common only to the section.

The use of these two systems led in time to untold confusion in the matter of quoting the numerical indicators of criminals and suspects, it was for this reason abandoned and all convicted criminals referred to by their Crime Record Office numbers, as maintained by the Finger Print Bureau. In this matter the Finger Print Bureau have been of the greatest assistance.

As to suspects, it has been proved inadvisable to refer to them under a number since such would have to be abandoned as soon as they were charged and convicted. Thus suspects, except those with International records, the particulars of whom are on file with the Finger Print Bureau, are merely referred to in the files of the section under their names.

When it was found necessary to drop the old system and recourse was made to the Finger Print Bureau for the definite identification of the numbers of persons on the sections files it was discovered that such only covered a fraction of the [illegible] to be taken in if the work was to be of any value to the

Subject .....(2).....

Made by .....Forwarded by.....

Force. Duplications were rife and omissions present in plenty, largely owing to the fact that there was no point of reference between the old Boarding House Section "Serial Number" and the reference numbers in use by the Finger-print Bureau. This state of affairs has to a great extent been removed; the sections index now being complete in accordance with the Crime Record Office reference numbers up to October 1936. Since that date some three hundred persons have appeared either as fresh criminals and as a consequence been placed on the C.R.O. list or have been brought forward from the old Finger Print Bureau reference system. By the time the C.R.O. is complete some 5,500 persons will appear in its files. They will include dilinquents in every phase of crime.

It will be readily appreciated that it would be difficult for the staff of this Section to maintain an efficient surveillance on the movements of criminals and their associates through their routine work unless the names of such persons are on file with the Section. It would be tantamount to looking for a needle in a hay stack, whilst blindfolded.

The method now adopted is effective, yet unobstrusive, and devised to give no possible cause for complaint on the part of the persons under surveillance. In point of fact it invariably happens that all the enquiries necessary for the positive identification of a person can be carried out in the Headquarters building once a pointer has been obtained.

I have attached herewith a suggestion for the re-indexing of the criminal and suspect cards, which beside meeting present requirements, allows for future expansion; the cost would be under $20.00.

S.C. (Sp. Br.)

As spoken I will arrange to have a weekly list of visitors with addresses forwarded to you in future. This will apply to the Foreign Section only as, with the present staff I am afraid it would not be possible to do it for the Chinese Section. However, the information can be obtained on application to the Gaol Registry for Chinese convicts at present in the Gaol or for those who have been discharged during the past 3 years.

SHANGHAI MUNICIPAL POLICE

Governor
S.M. Gaol

File No. S.B.D. 8/24 14/12/36

SHANGHAI MUNICIPAL POLICE.

C.S.6, Special Branch.

REPORT

Date Dec. 10 1936.

Subject: Visitors to Convicts in the Ward Road Gaol --- Record for Information Purposes to be Filed with C. S. 6. --- Suggestion.

Made and Forwarded by: D.S.I. Golder.

During the past year there have been numerous instances wherein useful information regarding the true addresses of convicts, and other material of vital importance as Police intelligence, has been obtained from the record of visitors to convicts in the Ward Road Gaol. In one instance the arrest of a wanted man was brought about by a careful scrutiny of the names of the persons visiting him during a previous term of imprisonment. At the home of one of his visitors the wanted man was located and arrested.

It is not proposed to make immediate or pointed enquiries into the bonafides of the visitors to convicts but to include their names and addresses on the reference cards of convicted persons filed in this Section so that at any future date, should it arise that an ex-convict is wanted for further offences, the investigating officer has at least something to work on.

To enable the Gaol Staff to assist in this matter, I have designed a form (draft attached) to be filled in and thereafter forwarded to this Section for disposal. It would greatly help this Section's work if the completed forms could be sent in weekly.

Noted for Gaol 15/12/36

DBH 14/12.

Governor of Gaols

Very grateful if you will comply provided there is no objection from point of view of Gaol

Subject Passenger Lists - Interview with Dr. Hong Chi. 22/10/36.

Made by and Forwarded by D. S. I. Golder.

Acting in accordance with the instructions of the Deputy Commissioner (Special Branch) an interview was obtained with Dr. Hong Chi, Chief of the 2nd Division, Bureau of Public Safety on October 22. 1936.

The matter of the surveillance maintained on the movements of foreign criminals and undesirables was explained to Dr. Hong Chi, who promised to write to the Chinese shipping concerns operating ships along the China Coast, requesting that they supply the information desired.

For the time being particulars of foreign passengers will be sent to Dr. Hong Chi, and will thereafter be transmitted to the Shanghai Municipal Police. Should the data prove of value it will eventually be arranged by Dr. Hong Chi that the companies address the S.M.P. direct.

C.S.6. Special Branch, 21/10 36

REPORT

Date October 21, 36.

Subject Passenger lists - Arrivals and Departures.

Made by and Forwarded by D.S.I. Golder.

The system of putting up the names of incoming and outgoing passengers alphabetically in the files of Section C.S.6., as introduced from January 1936, has proved of the greatest benefit to all those called upon to trace the arrivals and departures of foreign nationals. Once a name is obtained, reference can be made in under one minute, the entry giving the name of the passenger, name of the ship and the date of its arrival or departure.

In the manner described above much valuable information may be obtained especially concerning arrivals, without approaching outside persons, consulates or commercial concerns. Thus the system has two salient features (1) that it is more conducive to secrecy and (2) it saves the investigating officer many hours which would otherwise be spent in canvassing shipping offices, hotels, domestic utility companies, etc.

It is now that the work has been in operation for just under one year that its value is increasing daily and I suggest for the reasons set forth above that it be continued for the year 1937.

Its continuation for the coming year will require that certain modifications be carried out. It will be noticed by examination of the attached index, which is supplied with "Leitz" and other similiar files, that the paper is not sufficiently strong to stand up to continual use, and, that the visible markings are somewhat small for quick reference. In this connection I respectfully suggest that a sufficient number of indices be supplied, constructed of a stronger material, thus to simplify the work of compilation.

Arrangements have been made with Stores for the supply of more substantial indices.

Subject.....

Made by.....Forwarded by.....

The "Leitz" type files used by the section for the compilation of passengers names during 1936 are still in good condition and with one or two exception will be capable of use for the coming year.

One serious fault with the system as it stands is its comparative incompleteness. For the most part, the European shipping concerns have rendered the fullest co-operation, others, notably firms operated by Chinese, have stated, when approached, that they would be willing to co-operate if supplied with with forms, to be filled out by persons applying for passages, such form to be collected by members of this section at regulated intervals.

Such a procedure would greatly facilitate the work of this section, but would entail, what would be approaching, offical recognition, in the form of a letter to the companies concerned.

A typical example, pointing out the necessity of covering coastwise passenger shipping is as follws:-

The s.s. Hai Li, trading between Shanghai and Southern China ports and operated by the China Merchants Steam Navigation Company, on her last trip from Canton to Shanghai, carried as passengers the following persons:

1. Fliegel, Joseff. alias Flieger, J.L. alias Vidor. J. Born 1884, Russian, C.R.O. F. 310. Three previous convictions for pocket-picking.
2. Volsky, Vladimir. Russian, born 1899. Five previous convictions for pocket-picking, C.R.O. F. 42.
4. Boutakoff, alias Victor Nicolaevitch alias Peterson

Chinese Authorities ought to do this for us. S.M.P. cannot handle the function to do so

alias Vitorevsky alias Victoresco, Russian or Rumanian, born about 1905, C.R.O. F. 78. Five previous convictions for Burglary, Extortion, etc.

Travelling from one port to another in China these persons make no "Alien Declaration" and as a consequence do not come to the notice of this office as do the ordinary passengers coming from abroad. At rare intervals it is learned from outside sources that so and so arrived from a certain place. To clarify such information a visit had to be paid to the shipping company concerned and generally it is found that the information is either inaccurate or entirely wrong.

D. S. I.

Deputy Commissioner Special Branch

SHANGHAI MUNICIPAL POLICE.

File No. D 8/24

C.S.6, Special Branch, 29/9/36

REPORT

Date August 24. 19 36.

Subject Palas statement of address in list of dancing partners at the Vienna Gardens, forwarded to Bubbling Well Station.

Made by and Forwarded by D.S.I. Colaco.

Relative to the subject matter of the attached report dated 21.8.36, I have to state as follows :

I visited the Vienna Gardens, Bubbling Well Road, in the company of a Japanese Detective attached to Bubbling Well Station and D.S. Kourjansky at 11.30 p.m. on Saturday August 22, 1936. Both the Chinese and Russian managers were interviewed. The former was informed of the failure of certain of his employees to give their correct addresses; he promised to have the matter remedied. It was not practical to obtain a complete list of dancing partners of the establishment on Saturday last as the place was crowded and to have called the girls from their clients would have caused a great deal of inconvenience both to the management and its patrons.

It was promised that a new and complete list would be delivered at this office to-day Monday August 24, 1936. The manager has carried out his promise in so far as the new list is concerned, but for minor changes it is the same as the list reaching this office on August 21, 1936, which contained 60 names. The new list contains 75 names but the addresses have not been changed. The discrepancy in the first list, i.e. with regard to Machiko and Reiko whose address is given as No.86 Tsongchow Road remains unchanged in the new list. I Have satisfied myself that 86 Tsongchow Road is untenanted.

Another matter worthy of note is the manner in which the names are given. For instance 'Queenie'; any of 10 girls may answer to such a name in one cabaret. From what can be observed of the manner in which these lists are being compiled, it appears that only the barest gesture is being made to comply with the conditions of the Cabaret Licence.

SHANGHAI MUNICIPAL POLICE. S. B. REGISTRY

C.S.6; Special Branch. D 6/24

REPORT 3 8 36

Date June 15, 1936.

Subject Hotels --- Failure to keep proper registers --- etc.

Made by and Forwarded by D.S.I. Calder.

During routine visits to hotels, both foreign and Chinese (operated on European lines), carried out during the past few months, I have been impressed with the general failure of managers and/or licencees to maintain a proper register as called for in their licence conditions.

When the attention of hotel clerks and others is called to the matter they invariably state that it is impossible for them to obtain the correct names of intending guests and that were they to insist on such people proving the statements made in connection with hotel registration they would be losing a lot of trade.

The matter of hotel registers has been allowed to fall into disuse, until at present even the better class hotels do not keep their registers accurate and up to date. In not a few of the higher class Chinese hotels in Louza and the Northern Districts, favoured by foreigners for the purpose of taking their immediate paramours, the registers are in a deplorable state. More often than not they contain facetious and sometimes vulgar names, obviously not those of the persons engaging the rooms.

FILE

Experience has shown that this laxity in the matter of hotel registers often involves the Council in unnecessary expence when it comes to locating a foreigner suspected of crime and regarding whom very little is known. The wanted person by reason of the failure of the licencees to comply with the terms of their licence, is able to give any name occuring to him and to thus avoid the attentions of the Police set to find or watch him. His action often calls for long, tedious and expensive enquiries (if the per-

Made by.....Forwarded by.....

of the investigating officer be considered) to be made, often with negative result.

Persons connected with the arms, drug and white slave traffic more often than not put up in hotels as it is more convenient for them to make sudden moves without involving themselves in financial losses connected with the sale of furniture and house fittings, etc. This consideration is of course not confined to those three divisions of crime; they are quoted as an example.

Participants in the commission of organized crime are invariably persons who are provided with a fair amount of ready cash and are chosen by their leaders because of their proclivity for mixing with higher class people, so as to establish themselves socially. Social contacts are notably easy to make in hotels, it thus becomes necessary that hotels be given their quota of attention.

Very little can be done in the improvement of conditions until "Condition 20" of the Hotel Licence is completely revised, with the phrasology a little more definite in its terms, especially in its relation to the responsibility of the licencee. It would of course be necessary that applicants for accommodation be called upon to prove beyond reasonable doubt that they were the persons they represented themselves to be, by the production of their passports or some other documents of a personal nature. Thus I beg respectfully to suggest that "Condition 20 of Hotel Licence" be revised to read somewhat as follows :-

Condition 20

That the licencee keep a permanent

accurate and legible register of all residents in the premises and of those who have resided in the premises previously, the said register to be open to inspection by the Police at all times. That the licencee cause all applicants for accommodation to fill in a "Registration Form" as supplied by the Shanghai Municipal Police before accommodation is allotted to them.

Note : - In connection with the registration of guests the licencee will take such steps as are immediately necessary to establish that the persons registering have given their proper particulars, i.e. request them to show proof of their identity.

In connection with the revision of "Condition 20", I beg further to suggest that a copy of the condition be printed separately in larger print and issued with the licence for display on the reception desk of the hotel.

Should this change be approved the "Registration Forms" could be collected by the staff of this office each morning and the resulting information filed as in the manner for Foreign Lodging Houses. No extra staff would be required but the addition to the existing information on the matter of transients would be of tremendous assistance to every branch of the Force.

I forward herewith a draft form of the suggested "Registration Form" together with draft form of a proposed "Hotel Register", "Daily Departure Sheet", to be prepared by licencee, and card for filing purposes in

Subject Lodging house --- definition of --- for purpose of enforcing provisions of Byelaw 34.

Made by I/ and Forwarded by D.S.I. Golder.

In continuation of my reports on the subject of foreign lodging houses and the necessity of laying down a legal definition of same, I submit the following :-

During April 1936, I on two occasions visited the Licence Office, S.M.C. Revenue Department, on routine matters pertaining to the operation of Section C.S.6 (Special Branch). On both occasions the question of the licencing of the "Foreign Lodging House" was discussed. Since that time I have made careful enquiries of Police registries, etc., for files bearing on the subject but have failed to discover anything in the form of a Municipal Notification or other notice containing a definition of the term "Lodging House". Not a few opinions have been rendered as to what should constitute a "Lodging House" but apparently none of these have ever been put into practice through legal channels, which fact is clearly evidenced in Mr. Godfrey Phillips' (Assistant Secretary) letter to the Deputy Treasurer Revenue dated March 19, 1935, paragraph 2 of which reads as follows :-

"Since at present the Revenue Office does "not in practice licence under any fixed "definition as to what constitutes a lodging "house, it is thought better for the present "not to attempt expressly to define what "constitutes a lodging house for the purpose "of licencing."

The above decision was made for some very good reason, there is no doubt, but it leaves the Police Department in mid air when it comes to the matter of

prosecution.

The Council under Byelaw 34, as explained by Mr. Phillips, has every legal right to licence lodging houses and has in the past exercised that right with no uncertainty without, except in one or two obscure cases, taking the matter into court. At present, however, there is to be observed a pronounced difference in the attitude of the would be boarding house keeper.

Of late not a few persons, operating what for example, under British Law would be termed lodging houses, have failed to obtain licences from the S.M.C. In one case, that of Mrs. Rutherford of No.5 Yang Terrace, Weihaiwei Road, the opinion of the Municipal Legal Department was sought, and although not less than seven persons (lodgers without board) were residing in the house in question, it was considered that the case would fail if taken to Court. In the initial stages of the investigation the assistance of Mr. Feltham Watson, U.S. District Attorney, was sought. He suggested that the Police should deal with the case through Mr. Stanton also of the U.S. Consulate. This gentleman when interviewed was rather insistant on obtaining the local or Municipal definition of a Lodging House so that should the case be brought before the Court the offence committed under Byelaw 34 could be defined. Lacking such definition the case was not pressed.

In not a few cases occuring since I have been in charge of C.S.6 it has been necessary for the staff of the section to spend weeks cajoling the unlicenced

operator to take out a licence. Besides wasting the particular officers time and placing upon him an unnecessary responsibility, the Police Department generally has been hampered to no uncertain degree in its normal function of collecting information on the movements of undesirables etc. Such work in a city of the importance of Shanghai is of no small account and although it is not within the sphere of any Police force to unduly interfere with legitimate business, it is very necessary that a certain amount of preventive investigation be carried out. Discretion, of course, is exercised in the matter of visiting boarding houses, those which are to be considered respectable or of the higher class are not given the attention of those known to house persons of ill repute or operated by such.

Nevertheless, it has been proved during the past three months that a careful co-ordination of information gathered from licenced premises, of the description under report, has had a very desirable effect. No less than 89 reports on the movements of convicted persons and/or suspects have been submitted and two persons arrested and successfully prosecuted for criminal offences.

To-date there are many persons, chiefly in the Eastern District of Shanghai (International Settlement) operating small unlicenced boarding houses of fairly low class and it is in such places that the fugitive, foolish enough to remain in Shanghai after the commission of an offence, is to be found. The licencing of such premises coupled with the complete co-operation with the French

Subject Boarding Houses --- Failure of Licencees to Keep Proper Registers.

Made by and Forwarded by D.S.I. Golder.

There has been evidence of late of the failure on the part of lower class boarding house keepers to maintain a proper register of guests in their houses.

In connection with this matter I request permission to introduce a system of notifications similar in purpose to those used by the Traffic Department. Such notices could be typed and numbered and delivered by the Foreign Detectives at the time of their normal visits, thus avoiding any appreciable expense and obviating the necessity for extra staff.

The notices could take the form :

"Name Notification No.1

"Address " " 2

"Dear Sir/Madame.

"I have to draw your attention to Condition 2 "of Boarding and/or Lodging House Licence issued "to you by the S. M. C., which provides that you "must at all times maintain a proper register of "persons residing in the premises of which you "are the licencee."

Duplicates of the notices would be kept in this office and would be of use as evidence in cases where licencees were prosecuted, say after two such notifications had been ignored.

Subject Boarding House Registers --- Purchase and cost of printing --- Sale to boarding house operators.

Made by and *Forwarded by* D.S.I. Golder.

A

On December 15, 1935, Mr. Volsky, Office Assistant, attached to C.S.6, approached me with regard to the registers supplied to the operators of boarding houses, as it had become necessary to purchase a fresh supply. He explained that for the past 2½ years he had arranged for the private purchase of the books and recovered his money as they were sold to licence holders. Such a system of supplying an article laid down in police regulations as being necessary in compliance with licence conditions appears to be unsatisfactory and capable of placing a hardship upon the person providing them, since he is compelled to pay cash and only retrieves his money a dollar or so at a time.

As an alternative, I respectfully suggest that the printing be placed in the hands of the Stationery Office and that the outlay be classified as "Recoverable Expenditure", since the licence holders are called upon to pay for the registers.

Another aspect is, that, unless the practice of making the licence holders purchase the "registers" is continued they will become careless of their maintenance.

Attached to this report will be found an old register as a sample of what is required together with a revised layout of the items of information required. The personal particulars of boarders in the revised form are grouped as they naturally would occur to the persons called upon to compile them.

For the year ending December 1936 something in the region of 60 registers will be needed at an average cost of $1.20 each.

Another matter which I respectfully wish to bring to notice is the time expended on the examination of registers.

Made by Forwarded by

As they are at present compiled by licencees it is often necessary to search the whole book for particulars of departures, etc. It would greatly facilitate the work of supervisors if licencees were requested to bring their books up to date on the first day of each month, by using a fresh page of the register and entering thereon the names and particulars of all residents. Persons taking up residence during the month could be entered thereafter in the order of their arrival and brought forward to the following month if they continued in residence. In this way all those in residence, arrivals and departures, would be on one page which it would be the work of a few minutes to check up.

A notice for circulation to all boarding house operators has been prepared and is submitted herewith for approval.

REPORT

Date January 22, 1936.

Subject Shipping --- Passenger Lists Supplied by Chinese Passport Office --- Suggestions for Simplification of Reference --- Arrivals & Departures.

Made by/ and Forwarded by D.S.I. Golder.

In the pursuance of enquiries into the movements, etc., of criminals, criminal suspects, persons suspected of undesirable political activity and those persons regarding whom the Police are from time to time requested to report on, it is invariably necessary to establish (A) the date of his/her arrival in Shanghai, (B) Port of Embarkation, (C) the name of the vessel on which subject travelled, and (D) the reference given to the passport authorities on arrival. Vice versa, in the matter of departures, the points from which an enquiry would of necessity start would be (A) date of departure, (B) name of vessel, and (C) Destination.

Section C.S.6 is in receipt of passenger lists (in-coming) from the Chinese Passport Office. These are listed according to companies and in chronological order. Despite this it invariably happens that no particulars can be offered regarding the subject of an enquiry other than a name. Such being the case, and there being no indication as to the date of arrival, it becomes necessary for the investigating officer to start reading carefully through some 16 files, each containing some 250 pages, bearing an average of 20 names each. Unless a certain amount of luck attends the search, it might, as has been the case, after other methods have failed, be necessary to go through the whole list, a business sometimes taking as long as two days and at least a number of hours.

To avoid such waste of time it is suggested that the lists as supplied by the Chinese Passport Authorities and the lists of departures which are obtained from various sources be put up in alphabetical order using at least a

four letter reference. To allow for expansion it would be more economical to use "Leitz" files and a form as per attached draft.

Taking the average of enquiries for the past three months it is estimated that the time spent in searching the files would be reduced from 60 to 100 "man hours" per month to a little over as many minutes.

The work of compiling the finished files would take a Chinese clerk from 1 to 2 hours, 2 or 3 days a week, but it would be useless to introduce the system unless it was to be a thing of permanency.

Recommended. A clerk from one of the other sections could assist if the extra work was likely to be too much for the clerk of 54/CSB HG

Subject Double-lettered Index Cards required for record of transients kept in C.S.6.

Made by D. S. Sansom *Forwarded by* Em Golan. DSI.

The list of transient visitors and others resident in boarding houses in the Settlement comprises of some 25,000 references, housed in a cabinet of 26 drawers, each drawer containing an approximate average of 700 cards. To facilitate the daily checking of these cards accurately, it is essential that the system be provided with double-lettered index cards, i.e. Aa, Ab, Ac., etc.

A/ Commissioner of Police.

Sir,

Proposed Changes in Special Branch.

In order to relieve congestion in the offices of the Special Branch in the new building, it will be necessary to transfer the Boarding-House Section to the office originally intended for Film Censorship and to divide the staff of the latter section between the Translators' Bureau and the Registry in both of which offices there is some vacant space.

The Boarding-House Section will then be on the 3rd floor and the Indian Section on the 2nd floor. I propose, subject to your approval, to place these two sections under the same officer.

This arrangement will increase the efficiency of S.2 as the section specially intended for dealing with Communist matters, and will not interfere with the efficiency of the Boarding-House Section or its usefulness to D.C.(Crime) and the Special Branch.

The efficiency of S.2 will be increased by relieving the officer in charge of S.2 of miscellaneous duties not strictly within his province, such as inquiries regarding applicants for licences, locating of people lost, checking records of applicants to join S.V.C. Russian Unit, etc., etc.

The efficiency of S.2 will be maintained because D.S. Sansom will remain in immediate charge under D.S.I.Calder. Both of these officers have had several years' experience in the Crime Branch and Special Branch.

Subject to your approval, I shall also endeavour to find a formula whereby Supt. Tah, in addition to his liaison duties, will take a share in the responsibility for the loyalty and general good behaviour of the Chinese staff of the Special Branch.

REPORT
Date Nov. 20 1934

Subject (in full) Progress made by the Boarding House Section since its transfer to the Special Branch on June 1, 1934.

Made by D.I. Everest Forwarded by [illegible] S.I.

On June 1, 1934, by Police Order C.8488 of May 16, 1934, the Boarding House Section was transferred to the Special Branch, Section 2, as the first move in a plan to centralize all information in regard to foreign criminals. The following is a summary of the work undertaken by the personnel of the Boarding House Section showing the progress made between June 1 and October 31:-

(1) Record cards giving full particulars, where available, have been prepared of 731 criminals, 657 suspected criminals and 351 individuals wanted by police authorities other than the Municipal Police for offences committed in their territories. For the time being these record cards are filed in alphabetical order under the respective headings "Criminals," "Suspects A" and "Suspects B." Providing the approval of the Deputy Commissioner, Special Branch, is obtained, however, it is proposed to cross-index all records at an early date. This method of filing is superior in many ways to the present system of single alphabetical filing and the alteration could be made with material already at our disposal.

(2) 2548 visits have been paid to boarding-houses and 68 visits to hotels, bars, cafes and cabarets. 20 applications for boarding-house licences and 37 applications for miscellaneous licences have been attended to.

(3) 54 reports regarding the movements of old criminals and 16 reports on the activities of new criminal suspects have been submitted.

(4) All D.K.K. steamers arriving from North China are met by a Member of

FM. 6. 500 -34

Extract from File L.A.34/389

C.S.2.
June 7, 1934.

D. Chelmis.

Made by D.I. Schmidt **Forwarded by D.I. Ross.**

Sir,

Last month (May) the Revenue Department informed Police Headquarters that House 46, Lane 41, Carter Road, was operated as a boarding house without a licence.

The undersigned made inquiries at the address mentioned and was assured by the occupier a Mr. D. Chelmis, Greek, that his house was not a boarding house, having only four friends, countrymen of his, residing there, but was also informed that he might open a boarding house in June.

Mr. D. Chelmis was again interviewed by the undersigned this morning, June 7, when, he, Chelmis claimed that only unfurnished rooms and small flats were sublet, and that at present he had seven persons residing on the premises, two married couples and three single men. These people supplied their own furniture and their own meals, and therefore he (Mr. Chelmis) was of the opinion that his premises should not be classed as a boarding house or lodging house, but should be classified as an apartment house (apartment houses are not licenced).

There are at present about 284 licenced boarding houses, but this is the first instance that such a question has arisen and it would be useful if some ruling on the difference between lodging houses and apartment houses could be had for future reference.

Yours obediently,

Officer i/c Special Branch.

As a result of the work of the Foreign Section in connection with the collection of boarding house lists it has been ascertained that information concerning known and/or suspected foreign criminals and addresses frequented by them is now available. In order therefore to utilize this intelligence for the benefit of the C.I.D. I beg to suggest that two lists as per attached draft: 1"List of Known and/or Suspected Foreign Criminals Residing in Shanghai " and 2 " List of Foreign Boarding or Lodging Houses Frequented by Known and/or Suspected Foreign Criminals " be issued monthly, or at whatever intervals as may meet with your approval, to Senior detectives.

List No.1 would contain the name, address and brief summary of the antecedents of the person mentioned and would enable foreign detectives to keep in touch with the movements of the foreign criminal element.

List No 2 would contain the name of the tenant and addresses of foreign boarding houses (principally Russian) frequented by certain classes of criminals and would assist foreign detectives in cases where considerable property is stolen to arrive at a possible conclusion as to where the property might be concealed.

The information contained in these lists would be verified, as far as possible by further inquiries and by reference to the Finger Print Bureau for criminal records. They would then be compiled by the Officer I/C Foreign Section and forwarded in the usual manner. Mimeograph copies would then have to be made for distribution to stations and should be treated strictly confidential.

(C.I.D.) Office Notes May 25, 1925

D.C.I.

With the transfer of P.C.S.Makaroff,P.C.C.Suhoff and P.C.C.Medvedeff to the Foreign Section sufficient Russian staff is now available to complete the number of Russian detectives required for boarding house work without having to transfer any additional men from Stations. Two British detectives,however, are required to complete the personnel as agreed upon at the conference held in the office of the Director of Criminal Investigation on March 25, 1925.

The distribution will then be:-

"A" Div. One British and two Russian detectives.

" B" " One " " one " detective.

Briefs of the duties to be performed by the British and Russian detectives are attached for your approval.

T.P.C. Braikovsky will operate the Russian Boarding House filing system.

The space required,however, is not yet available and in order to bring the scheme to realisation it is hoped that the additional space will be found as soon as possible. The furniture agreed upon, with the exception of the filing cabinet which has been obtained, is also urgently required.

As a consequence of the work of the Boarding House Section it is hoped that the Foreign Section will be able to supply at regular periods lists of known criminal or political suspects or known offenders which will greatly assist in keeping station detectives in touch with the location and the movements of these undesirables.

Duties of Senior (British) Detective on Boarding House Section.

To, visit all British and American boarding houses once every week and obtain from each house weekly a list giving, nationality, occupation, place of employment, last address, destination and date of arrival and departure of all persons resorting to or using the premises and to bring such lists to headquarters for the use of the Boarding House Registry.

To supervise the work of the Russian Boarding House Detective working in the same division by periodically visiting the Russian Boarding Houses to check signatures, visits, etc.etc.

To remember that no meeting of a political nature or at which any address or discussion on politics is allowed, nor any meeting or distribution of inflammatory, obscene or other literature which may cause a breech of the peace and good order of the Settlement, be permitted in or upon any part of the premises without the written sanction of the Council first had and obtained.

To report any disorderly or immoral conduct or gambling in or upon any part of the premises to the Station of the District concerned and to the officer in charge of the "Foreign Section" of the Intelligence Branch.

To report every morning at the office of the Foreign Section before starting work and to report every evening half an hour before the official closing hour with the boarding house slips collected during the day.

To locate all political or criminal suspects or known offenders (as they come to his knowledge) using foreign boarding houses and to report their presence as soon as possible to the officer in charge of the Foreign Section.

To locate and report all foreign boarding houses being operated without a Municipal License to the Station concerned with a view to prosecution after verification and as soon afterwards as possible to the Officer in charge of the Foreign Section. To also supervise the work of the Russian detective in this connection.

To visit all Russian and American Bars, etc. once a week preferably in the evening after office hours to make himself acquainted with the nature of the business conducted therein and the class of people frequenting such places; to report any irregularity of license conditions to the Station of the District concerned and any other matters to the officer in charge of the Foreign Section of the Intelligence Branch.

Every visit of a Police officer to any particular boarding house will be recorded in the register of the boarding house visited giving the time and date of the visit.

It cannot be too strongly impressed on Detectives engaged on these duties that useful and important information can, in many cases, only be obtained from keepers of licensed premises by gaining their confidence. Care must be taken, however, that such relations will not prevent the Detective from carrying out his duties as a Police officer.

Duties of Russian Detective on Russian Boarding House Section.

The Russian Detective shall visit all boarding houses except British or American, and

1. Visit every foreign boarding house, other than British or American at least once every week and to arrange these visits so that he will visit the same number of houses as far as possible every day.
2. Collect weekly from every boarding house a list giving the nationality, occupation, place of employment, last address, destination and date of arrival and departure of all persons resorting to or using the premises and to bring such lists to headquarters for the use of the Boarding House Registry.
3. See and insist that every boarding house licensee keep on the premises a permanent accurate and legible register of the name, nationality, occupation, place of employment, last address, destination and date of arrival and departure of all persons resorting to or using the premises which register must be open to inspection at all times.
4. Remember that no meeting of a political nature or at which any address or discussion on politics is allowed, nor any meeting or distribution of inflammatory, obscene or other literature which may cause a breech of the peace and good order of the Settlement, be permitted in or upon any part of the premises without the written sanction of the Council first had and obtained.
5. Report any disorderly or immoral conduct or gambling in or upon any part of the premises to the Station of the District concerned and to the officer in charge of the Foreign Section of the Intelligence Branch.
6. Report every morning at the office of the Foreign Section before starting work and to report every evening half an hour before the official closing hour with the

boarding house slips collected during the day.

To visit all Russian bars and hotels and similar licensed premises other than American or British, onece a week preferably in the evening after office hours to make himself acquainted with the nature of the business conducted therein and theclass of persons frequenting such places and to report any irregularity of license conditions to the Station of the District concerned and any other matters to the officer in charge of the Foreign Section of the Intelligence Branch.

To locate all political or criminal suspects or known offenders (as they come to his knowledge) using foreign boarding houses and to report their presence as soon as possible to the officer in charge of the Foreign Section.

To locate and report all foreign boarding houses being operated without a Municipal License to the Senior Detective in charge of the Division(boarding house section) who in turn will report accordingly to the Station concerned with a view to prosecution after verification, and as soon as possible afterwards to the officer in charge of the Foreign Section.

Every visit of a Police officer to any particular boarding house will be recorded in the register of the boarding house visited, giving the time, and date of the visit.

It cannot be too strongly impressed on Detectives engaged on these duties that useful and impoftant information can, in many cases, only be obtained from keepers of the licensed premises by gaining their confidence. Care must be taken, however, that such relations will not prevent him from carrying out his duties as a Police Officer.

I.O.

File No. 8569

(C.I.D.) Office Notes

February 21, 1928

D. C. I. .

With reference to your recent instructions re the more stringent supervision of Russian and other foreign boarding houses, I beg to submit the following proposals which, it is hoped, will meet all requirements.

In order to obtain satisfactory results it is proposed to combine boarding houses, low class hotels and cafes, principally Russian.

Supervision & Distribution

It is proposed to divide the International Settlement into three sub-divisions, which will bring about the even distribution of the number of premises to be visited, viz

(1) Hongkew and West Hongkew Districts.
(2) Wayside and Yangtszepoo Districts
(3) Harbin Road, Dixwell Road, Gordon Road, Pootoo Road, Bubbling Well, Senza, Louza and Central Districts.

One Russian detective would then be allotted to each sub-division and his duties would be to visit every boarding house and low class hotel once every week, to check the register kept on these premises, to collect a written list of resident guests and to bring such list to Headquarters for inclusion in the Boarding House Registry. It would also be the duty of the officer of the sub-division to locate all unlicensed boarding houses in his district and to report the existence of such to Makers.

He would also be responsible for providing information regarding the names of cafes in his district, their proprietors, and the names

in which these places are conducted

Boarding House Registry

It is proposed to eliminate the present system of book records and to institute a correct filing system whereby every guest will be included in a special card giving his particulars and antecedents, the idea being to have a complete record of each individual in a separate document which will be always up-to-date.

Prosecutions

It is proposed that the Foreign Section, or whatever body is designated to the work will not usually undertake the entire work in connection with prosecutions and it is suggested that applications for summonses will be made from Hdqrs but will be served by the station of the district concerned who will likewise enter the offence in the charge sheet and present the case at Court; the officer concerned need then only appear to give evidence. This will obviate the necessity of a special Schemise staff being employed and will save the time of a Foreign officer serving a summons when that duty can be easily executed by a Schemise member of the Force.

Staff

It is proposed that the staff necessary to carry out this work will be four officers under the control of the officer in charge of the Foreign Section. They will be distributed as follows:

File No. .....

(C.I.D.) Office Notes

(1) One officer in charge of the Boarding House Regy.
(2) .. - - - - - No 1 Sub - Division
(3) . - - - - - No 2 - .. .
(4) . - - - - - No 3 . .. .

The above distribution will necessitate the transfer of two additional Russian detectives to Madras as T. P. C. Braikovsky is available to take over the proposed Registry and P.C.C Makaroff, now attached to the Foreign Section, can take over one of the sub-divisions.

Locomotion

It is suggested that all officers engaged in boarding house work should be supplied with a trampass, bus pass and locomotion allowance.

Equipment

The equipment necessary to commence this scheme is one filing cabinet, three desks, three chairs and the usual writing utensils all of which have not been estimated for but might be obtained under extra-ordinary expenditure. It would also be necessary to extend the space now occupied by the Foreign Section and in order to accomplish this the Liaison Section might be accomodated elsewhere.

The above suggestions are of course provisional, and are based on the present allocation of boarding houses, hotels and cafes in the Settlement. The number of boarding houses at present supervised by the C. I. D is approx. 140 and it is fully expected that as a

result of the inauguration of this scheme the number will be increased to 400 which will mean additional staff.

It is also proposed that when the scheme is in working order the detectives on boarding house duty in conjunction with those employed on Intelligence work in the Foreign Section will visit all ships arriving from Dairen, Tsingtau and Japan in order to check up on Russian arrivals.

D. C. I.

Sir,

I suggest the following procedure be adopted to avoid unnecessary delay in dealing with applications for boarding-house licenses :

(1) A foot-note reading as follows be printed on the copies of applications sent to Departments : "This application form must be returned completed to the Commissioner of Revenue within five days of issue.

(2) After a license has been approved for issue, or refused, the applicant be immediately notified in writing by the Revenue Dept. A small printed form would serve this purpose and as there are only five or six applications monthly, very little work or expense would be entailed if the notification was sent by post.

This would ensure that within ten days, applications are adequately dealt with. Senior detectives i/c of Districts could be notified of licenses refused and the reasons for refusal. If, then, within a reasonable period of time, commensurate with the work to be done, applicant did not effect the necessary changes, and persisted in using the premises as a boarding-house, he, or she, could be dealt with on summons.

E. W. Hoke D.I.

Forw. Sec.

Ref: last part of D.C. Duncan's report marked A, have the applicants yet obtained their licenses? If not the people are running their boarding

Establishment May choose to be licensed as such.

have been waiting in the expectation of their licences being sent them.

With regard to Application Forms issued by the Revenue Office I respectfully beg to draw your attention to the fact that there is no provision made for the "present address of applicant," and in cases of application in respect of small cabarets or restaurants there is often considerable difficulty and time wasted in finding the Applicant who as a rule never resides on the premises for which the licence is applied for. This could be overcome if a line was inserted for this purpose, and it might also be suggested that a note be added informing applicants that licences when authorised for issue must be called for.

Drawing Specimen form to be sent in compliance with requirements

File No. 10369

(C.I.D.) Office Notes

February 9th 1928

Sir,

With reference to attached file the boarding house at no 23 Carter Road occupied by Mrs Hogsberg is a seven roomed house which includes dining room and sitting room. There are at present only 4 boarders but if necessary 6 could be accommodated

No 37 Carter Road occupied by Mrs Kazemirova-Doenina has 7 bedrooms for let and they are at present occupied by 8 boarders which are as many as could comfortably be accommodated.

Further enquiries at the Revenue Office show that a licence was authorised for issue in respect of no 23 Carter Road on Feb 8th the Health Department being responsible for the delay. Although both licences are now ready for issue it is not the custom of the Revenue Office to send any notice to that effect to applicants who, in this case, have

File No. 10: 8569

(C.I.D.) Office Notes

D.C.I.

Very poor system which demands 2 months to issue a license. C.I.D. are greatly handicapped by these kind of things & I submit C.P. see this with a view to asking Council to revise the system.

It is useless for us to worry people to take out licenses if this kind of thing is likely to happen.

C.I.D supervision of such places is very essential & slight defect in structure of houses or in sanitary appliances should not be allowed to override criminal considerations even for two months.

I suggest C/ye Station prosecute proprietor of no 37 if he does not comply at once.

November 21, 1927.

REPORT ON Boarding houses without the Municipal licenses.

Made by P.C.S. Ovsiannikoff. *Forwarded by* T. Givens A.S.P.

The following boarding houses located at No. 23 and 37 Carter Road although requested on several occasions to obtain municipal licenses have refused to do so. The tenant of No. 23 Carter Road Mrs. A. Hogsberg has eight rooms for to let, six of which are occupied at the present time by Soviet Agents. Mrs. A. Hogsberg is working in conjuction with 15 Tsongchow Road in accommodating these latter individuals.

The tenant of No. 37 Carter Road Mrs. Kasimiroff [redacted] is purposely made in order to keep the police in ignorance of the character of the guests.

I respectfully beg to suggest that instructions be given to Bubbling Well Station to take up the matter and in continuance of a further refusal to prosecute.
